This House unanimously resolved the following resolution:

“This House while welcoming the fresh initiative of the Government of India to bring peace in the North east region of the country, however resolves to urge the Union Government to ensure that the “Peace Accord” of 3<sup>rd</sup> August, 2015 signed in between the Government of India and NSCN (IM) and any subsequent agreements do not impinge on the territorial integrity and the administration of the State of Manipur. The House further resolves to urge the Union Government to ensure that all stakeholders, especially Manipur, are brought into confidence and transparency is brought into the peace process and no fresh discords should be brought while attempting to settle an existing one. The House still further resolves to urge the Union Government to cause to amend Article 3 of the Constitution of India by incorporating that prior consent of the State Legislature of the affected State(s) shall be mandatory while forming new States, and alteration of areas, boundaries or names of existing States.”
